ARE YOU SURE?

areyousure.net

▲ Performance Dress

Hit the court in this little black dress and you might have to fend off a few advances in addition to your opponents' shots. The rounded V-neck and sassy racer-back detailing are accented with mesh inserts for breathability, all rendered in a newly-debuted blend of UV-blocking, moisture-wicking and anti-microbial fabrics.

▼ Tour Spin

Players of both sexes can claim the on-court advantage of Wilson's "ultimate speed shoe," which boasts a tough yet feather-light toe wrap and EVA insole board as well as interlock support zones, foam heel and forefoot cushioning and breathable, moisture-wicking mesh and liners for effortless gripping and ripping. They even look fast when worn in lightning-quick silver and white (women's) and electric white, gray and lime green (men's).

▲ Are You Sure? Youth Attitude Tees

ALTA's favorite cheeky tennis tees now come in just-for-kids versions! On or off the court, these fun, bright tops emblazoned with cute slogans like "I want to whack it with my racquet!" and "I rally like tennis!" are the perfect fit for entry-level players or tennis tots participating in the USTA Quick Start program.

◀ Singles Crew and Hardcourt Short ▼

In classic burgundy and white, Wilson's triple threat of UV-, moisture- and bacteria-banishing fabric is accented with sharp contrast cover stitching and mesh chest and back panels on a timeless crew tee, with a fully-lined pair of color-blocked, mesh-sided shorts to match.
